The Honorable Dewey Short
House of Representatives
Washington 25, D. C.

Dear Dewey:

Attached hereto is a copy of a letter I have sent to Chairman Vinson, relative to our building problem, which I believe is self-explanatory. I have sent this letter because I felt that the developments described were sufficiently important to justify a special explanation prior to consideration of the appropriation request which has been made under our current authorization.

I have also discussed this matter with Senator Russell, Senator Hicken, and Chairman Clonon, all of whom are sympathetic to our problem. Although pending Congressional action related to the appropriation request within the existing authorization, I did want to advise Chairman Vinson and you of the situation before our counsel is to seek an additional authorization in the future.

If you would like to have further information on this matter, I would be more than happy to furnish it to you.

Very sincerely yours,

Sincerely,

Allen W. Dulles
Director
